Qualicum Beach, BC
V9V 2V1

Dear Mr. Jones,

Re: Relationship between RDN OCP's and the Corcan Road Interchange

This letter is written in response to the Corcan-Meadowood Residents Association's request to provide a letter regarding the relationship between the RDN Official Community Plans (OCP) for Electoral Areas F, G, and H and the proposal for an interchange connecting Corcan Road with the Inland Island Highway.

The Regional District of Nanaimo has reviewed the OCPs for Electoral Areas F, G, and H and has determined that these plans do not contain any goals, objectives, or policies that are inconsistent with the conceptual Corcan Road interchange. Therefore, should the Corcan Road interchange project proceed, no amendments to these plans would be required.

We appreciate the opportunity be involved with the Corcan-Meadowood Residents Association on this process and encourage you to continue to work with your local MLA and the Ministry of Transportation and Infrastructure as the approving authority and agency who has jurisdiction over public highways within the RDN.

Please note, that this letter does not constitute the Regional District of Nanaimo's support for the Corcan Road interchange proposal. A formal letter of support may be requested from the Regional Board by making a request to the Board at one of its regularly scheduled meetings. The Board may or may not support such a request.

We look forward to working with the Meadowood Residents Association on community projects in the future. If you have any questions, or require further assistance, please contact me at 250-390-6510 or send an email to pthorkelsson@rdn.bc.ca

Sincerely,

Paul H. Thorkeison, MArch, MAIBC, MRAIC
