CMRA has proposed a limited liability partnership with the Province to build highway access. We will look at ways to raise money for this purpose, given that our area is not a priority for government expenditure at this time. This will be discussed on June 4.

The RDN is reviewing the village node designations in the region and has a survey about this on their website. If we want development, it is important to complete the survey. Dave will advertise this on our web page **Action: Dave**

Arrangements for the BBQ made, regarding food, advertising, etc. **Action: Alf, Tim and Elaine**

No money to be designated for parks in our area this year so this must be revisited next year. Alf will write a letter to the RDN to protest this decision. **Action: Alf**

The idea to have a Halloween party with fire works near the fire hall has not met with success. The fire dept. will focus efforts on the Dashwood party due to liability insurance issues. Issue to be tabled for now.
